

January 21, 2026

Hello Gym Owners, Program Directors and Registration Contacts;

We are excited to welcome your program to Cheer & Dance Extreme's **Extreme Winter Open Championship** this Saturday, January 24, 2026, at the Lancaster County Convention Center at Marriott Penn Square in Lancaster, Pennsylvania.

After closely reviewing the weekend weather outlook with the venue and officials, we have decided to make a slight modification to the event schedule. While precipitation is not currently expected in the Lancaster area until the early morning hours on Sunday, we recognize that many programs are traveling from southern locations. Out of an abundance of caution and with your safe travel in mind, we are releasing a newly adjusted schedule with this message.

As you will see, we have moved from a 3-minute / 4-minute rotation to a 3-minute / 3-minute rotation. Each rotation of stunt; tumble and floor will receive 6 minutes per station which includes rotate time. This adjustment allows us to shorten the overall event day so programs can begin travel home earlier, and our judges and staff can also get on the road sooner following tear-down without removing teams or cutting out sessions. We ask for your help in executing this efficiently by arriving on time for warm-ups and encouraging fans to enter and exit the viewing area promptly. Also, please remember to visit score review promptly if you have any questions or concerns.

Facility Update:

The bottom level of the convention center will be closed for this event. We will be utilizing the second level of the convention center, which will include concessions, vendor spaces, a coach hospitality room with beverage service, and an open ballroom area for programs to meet and gather with their teams. Please note that this is a shared space and is not to be used for practice.

We do not anticipate canceling the event. Our goal with this change is simply to provide added flexibility, maximize efficiency, and support safe travel for all. We appreciate your patience and will continue to keep you updated shall any additional schedule adjustments be needed leading up to the event.

We appreciate your understanding and look forward to a great championship experience this weekend. Please review the updated schedule carefully and reach out if you have any questions.

Safe travels, and we'll see you soon in Lancaster.

Warm regards,
Ann Lehrmann
Cheer & Dance Extreme
